Important Notice Regarding the Planned Discontinuance of Certain Traditional Voice Services Provided by tw telecom of tennessee llc ("tw telecom")

Dear tw telecom Customer,

In an effort to maintain an efficient, reliable and technology-driven network that supports the evolving needs of our customers, tw telecom plans to decommission an outdated traditional voice switch in Nashville.

This letter serves as formal notice that certain voice services provided by tw telecom to your company and throughout the Nashville, Tennessee metropolitan area will be discontinued on or after February 25, 2015, provided that tw telecom receives the approval of the Federal Communications Commission ("FCC").

You are receiving this notice because you currently subscribe to one or more of the following tw telecom services, which, subject to the approval of the FCC, will be discontinued as a result of the planned Nashville switch decommission.

- **Analog PBX Trunk Service** provides a voice-grade telephonic communications channel that can be used to place or receive one call at a time.
- **Business Line Service** provides voice-grade telephonic communications channels that can be used to place or receive one call at a time.
- **Business Terminal Service** provides a physical appearance in the switch and is assigned to a unique channel.
- **Channel 12 Service** is a bundled service consisting of local exchange service with select features.
- **Complete Access Service** is a bundled service consisting of local exchange service with select features.
- **Complete Dynamic One, Complete Dynamic Two and Complete Dynamic Three Service** are bundled services consisting of local exchange service with select features.
- **Complete Lines/Trunks Service (a/k/a Complete Lines DS0)** provides voice-grade telephonic communications channels that can be used to place or receive one call at a time.
- **Digital PBX Trunk Service** provides a DS1 connection between customer-provided PBX equipment or trunk capable key systems and the tw telecom switch.
- **Primary Rate ISDN (PRI) Service** allows a connection between ISDN Customer Premises Equipment and tw telecom switching equipment using a Primary Rate Interface over a digital transport facility.

- **VersiPak IPRI Service** is an integrated, packet-based access solution designed to deliver PRI and Internet services over a single DS1.
- **VersiPak Lines and Trunks Service** is the voice portion of an integrated, multi-service, packet-based access service that delivers voice and data services over a single DS1.
- **VersiPak Mach2 Service** and **VersiPak Mach3 Service** consist of integrated voice and Internet bandwidth.
- **VersiPak Packages, VersiPak Flex® T Service** and **VersiPak Power® T Service** are bundled services consisting of local exchange service with select features.

In order to maintain continuous service at your location following the proposed discontinuance, we would like to migrate your service as soon as possible to another **tw telecom** service that will best benefit your business. Our overall goal is to make this transition as seamless and non-disruptive as possible while continuing to provide premier customer support during the migration of your service to our next-generation, state-of-the-art platform.

I will be contacting you soon to better understand your telecommunications needs and to discuss available service options for your business. In the meantime, if you wish to contact me, you may do so at the number or email provided below.

If you also subscribe to other services from **tw telecom**, those services **will NOT** be impacted by the anticipated discontinuance of the affected **tw telecom** services. Your other services will remain in place with no change to the applicable rates, terms, or conditions.

We sincerely regret any inconvenience this may cause you and your organization and look forward to continuing our relationship. **tw telecom** is dedicated to providing the finest business telecommunications services and customer care available, allowing you to focus on your business.

Sincerely,

tw telecom
